

SITTING SPIRITUALLY

Exclusive handcrafted wooden swing seats

A guide to hanging your swing seat from a pergola or similar structure.

You will need beam/beams strong enough to drill through and fix in the eyebolts we provide,

- No 1: Allow a minimum of 1.2m behind your seat.
- No 2: Allow a minimum of 400mm between outside arm & upright.
- No 3: Ideal height between 2.1m & 2.4m.

SITTING SPIRITUALLY

Exclusive handcrafted wooden swing seats

A guide to hanging your swing seat from a branch.

No 1: We need to know the diameter of the branch.

No 2: We need to know the distance from the underside of the branch to the floor.
